DEAL BLOW TO PAVING

64 PROPERTY OWNERS PROTEST WALNUT STREET PROJECT.

FILE PETITION SAT.

City Council to Check Remonstrance With Abstract at Special Meeting This Evening.

For a second time this year resident property owners have protested against proposed paving on Walnut street from Lincoln to Ninth streets. The second effort of property owners favoring paving on this portion of Walnut street was given a severe jolt and probably knocked in the head when T. C. Coil filed a remonstrance against paving Walnut from Lincoln to Ninth streets at 5:05 o'clock Saturday afternoon with the city clerk, the remonstrators numbering sixty-four.

This remonstrance protested paving seventeen blocks on Walnut street with re-inforced concrete, which would have been finally passed on tonight by the city council. A remonstrance was filed once before this year against paving this street with brick over a concrete base. The remonstrators claim to have a majority of the front footage abutting Walnut street from Lincoln to Ninth streets, as well as being a majority of the resident property owners.

Whether this action definitely kills the proposed paving of Walnut street will be known tonight when the city council will be in special session to check over the owners signing the remonstrance and complete their front footage.

There is some talk among those favoring paving to again get up a petition, requesting the council to authorize paving on a shorter distance on Walnut street, and some believe that paving can be officially authorized on Walnut from First to Ninth streets, although this is merely an agitation. Property owners favoring paving on Walnut street are awaiting the decision of the city council tonight.

Saturday was the last day for filing a remonstrance.

Three petitions, signed by remonstrators, were filed by T. C. Coil with the city clerk at 5:05 o'clock Saturday afternoon. They are as follows:

"We the undersigned, being a majority of the resident citizens of Maryville, and owning a majority of the front footage abutting Walnut street from the present pavement on Lincoln street north to eighteen feet north of the south line of Ninth street on the date of the passage of Resolution No. A22 by the city of Maryville, hereby remonstrate and object to the paving of the aforesaid street as is provided by the aforesaid resolution:

"T. C. Coil, Frank Crockett, John Lund, George Roberts, Effie Roberts, Mattie H. Howard, Albert J. Howard, Mrs. James Pixler, G. H. Wamsley, Mrs. Margaret Tooher, Dan Tooher, Patriek Tooher, Julia Tooher, Roy A. Schrader, Mrs. Ida Schrader, Lillian Murrin, Lawrence Murrin, Mrs. A.R. Charles, Arthur Charles, Mrs. T. C. Coil, J. N. Hiley, Jr. Mrs. J. N. Hiley, Jr., Ursie C. Crockett, Jr., by Ursie C. Crockett, Mrs. Ursie C. Crockett, Raymond F. Murrin.

"R. G. Allan, Frank Bickett, O. A Bennett, J. E. Hull, I. O. Keever, C. A. McCoppin, Carrie McCoppin, Flossie Goff Miller, D. R. Palmer, Mrs. D. E. Palmer, A. C. Holt, Mrs. A. C. Holt (Jean), Dessa Gault, Elizabeth Colwell, Mrs. Lillian J. Selecman, L. C. Cook, Elizabeth Crane, Mrs. N. H. Brown.

"N. H. Brown, Mrs. W. Evans, Mary Gault, Mrs. Elizabeth Howland, E. J. Howland, Mrs. R. G. Allan, Mrs. Frank Bickett, Edwin Wallace, Mrs. Ed Wallace, Mrs. A. T. Estes, Florence Shallenberger, Miss Cecilia Miller, Mrs. Bernard Bickett, C. W. Butler, Mrs. Mary C. Key, Mrs. Martha Murphy, Glen Evans, Mrs. Anna Carter, Clara Tibbets."

An abstract made of Walnut street between the south side of Ninth street to the north side of Walnut street, made March 11 of this year, showed eighty-four pieces of property, that included 9,157.28 feet abutting this portion of Walnut street.

Gas Stove Blaze at Home Mrs. J. S. Ford

The fire department was called to make a run about 12:30 o'clock yesterday noon to 422 West Second street, home of Mrs. J. S. Ford. A gasoline stove had burst into flames but was out by time the fire department reached there. No damage was incurred.

Coolidge's Father Has Good 'Fighting Chance'

Physicians and Nurses Putting Up Game Battle Against Age Following Operation Yesterday.

Plymouth, Vt., June 29.—Col John C. Coolidge today was passing through the gravest physical crisis of his 80 years of life. The next thirty-six hours will tell whether or not the emergency operation performed upon him yesterday has pulled him through a desperate illness.

He has better than a fighting chance to live. Five doctors and internes and two nurses are battling against advanced age and the prostatic ailment that has threatened the President's father. They are hopeful of success, but they admitted the crisis has not yet passed.

CITY WATER TEST IS O. K.

TAKEN FROM 3 SOURCES ANALYZED BY STATE BOARD.

CONTAINS NO B. COLI

Tests at College Also Confirms Other Report—Indicates Water Is At High Standard.

Bacteriological examination of water samples from the lake reservoirs, the filtered water and water treated at the city pumping station by the State Board of Health at Jefferson City indicate the quality of samples satisfactory and an absence of B. Coli per 100 cubic centimeters, according to a report received Saturday by Mayor W. O. Garrett. These samples of water were taken June 18 and tests made by chemists of the State Board of Health and also at the College. Reports from both these places coincide.

Analysis at the State Teachers College of the city water show that there is colon type present in the lake, settling basin, or after the water is filtered and treated. It indicated the presence of gas only in water taken from the lake.

According to the State Board of Health the standard for safe drinking water should not exceed two B. Coli per 100 cubic centimeters, which is about a cupful.

B. Coli is explained by the State Board as a germ present in all sewage, so that it is used as an index of contamination. Where it is found in considerable excess over the standard, the germs of typhoid, dysentery, colitis and diarrhoea may at any time be present in quantities sufficient to cause sickness.

Mayor W. O. Garrett was especially pleased with the reports of the city water and was gratified to know that the State Board of Health analysis showed the water to be at such a high purity, even of the water pumped directly from the river to the large reservoirs.

Escape Injuries in Montana Earthquake

Mrs. A. R. Perrin received a message at 9 o'clock last night stating that Mr. and Mrs. Frank Black had escaped injuries in the earthquake at Three Rivers, Mont. The message was sent from Willow Creek, the home of Mr. and Mrs. Black, at 2 o'clock yesterday afternoon. Willow Creek is the first station west of Three Forks where three landslides were reported to have hemmed in as many passenger trains loaded with vacationists. Mrs. Black will be remembered as Miss Mae Growney of Maryville.

Graham Boy Is Held on Disturbance Charge

Lloyd Kent, 18 years of age, of Graham, is being held in custody here today by the sheriff, pending charges of disturbing the peace being filed against him. Other more serious charges may be filed later.

He was arrested yesterday by Frank Burch of Graham, deputy sheriff, and brought to Maryville. Early this morning he was unable to give bond.

Nine Survivors of Schooner on Liner

Gloucester, Mass., June 29.—Nine survivors of the fishing schooner, Rex, which carried fifteen persons to death when literally sliced in two by the Cunard liner Tuscania, were aboard the liner today en route to New York.

SERVES TOWN FIFTY YEARS

PICKERING CONGREGATION OBSERVES ANNIVERSARY.

HISTORY IS WRITTEN

Inclement Weather Cuts Down Attendance Yesterday—Sermon Delivered by the Rev. Croy.

The fiftieth anniversary of the founding of the M. E. Church at Pickering was observed by the congregation there yesterday.

The sermon was delivered by the Rev. E. W. Croy and a number of special selections were given by the choir.

Several women of the church had prepared a historical sketch which was read by Mrs. Walter Johnson. Roland Wray, former superintendent of the Sunday school at Pickering for about ten years, delivered a short talk.

Mrs. Ernest Stafford gave a vocal solo and Lawrence Wray a cello solo, accompanied by his sister, Miss Gertrude Wray.

A basket dinner was served at noon. On account of the weather, the attendance at the anniversary celebration yesterday was not as large as expected.

The following is the history of the Pickering church, prepared by several women of the congregation and read by Mrs. Walter Johnson yesterday:

"Some time before the Civil War and before the town of Pickering was started, the Methodists of this community held services in the little country schoolhouse, then located in Coleman cemetery.

"About 1858 a church was erected called Pleasant View. It was situated west of where Pickering now stands, nearly opposite the home of Orris Saunders. Pleasant View was then on the Hopkins circuit.

"In 1871 this church was taken from Hopkins circuit. The little town of Pickering had been started and it seems the congregation from Prairie View with others, formed the Pickering M. E. Church, and for a few years conducted services in the schoolhouse at this place.

"At that time Pickering circuit consisted of five points. Sweet Home, between Maryville and Ravenwood was the only one of these possessing a church building.

"In 1874-75 the Pickering congregation with the assistance of the people of the community, erected the main part of our present church and altho not quite finished, was dedicated June 27, 1875, the dedicatory sermon being preached by Elder Thornton of St. Joseph, E. V. Roof and others assisting in the services.

"A large congregation was in attendance. Some of the residents of the town and vicinity remember clearly being present and with what joy and gratitude it was dedicated to the service of Christ.

"The cost of the building was $2,000. A parsonage was built the same year costing $650.

"The building was not free from debt when dedicated. The membership of the church was small and it was a number of years and after a hard struggle that the church was free from indebtedness.

"The women and girls of the church and community organized themselves into a Mite Society and raised the money possible to assist in freeing the church from debt and in obtaining furnishings necessary for the new church.

"On July 23, 1875 this Mite Society gave a festival on the church lawn, one of many held by the organization.

"Among the charter members of the church were Mr. Robert Garten, Mrs. Hannah Garten, Mr. David Smith, Mrs. Nancy Smith, Dr. Josiah Coleman, Mrs. Lucinda Coleman, Mr. E. M. Groves, Mrs. Rebecca Groves, Miss Sally Groves, Mr. William Awalt and Mrs. William Awalt.

"The first organist of the church was Miss Sally Groves, and to her together with the Mite Society is given much of the credit for obtaining the first organ.

"From April 1876 to April 1877, Thomas Evans was pastor. In the next few years W. B. Moody, E. V. Roof, C. C. Cowley and Rev. Bovee were the ministers.

"In 1883, 1884, W. B. Christy served as pastor for several months. This was his first appointment. He walked to the different places where services were held. In 1909 he came to

Aged Man Succumbs at Home of His Son

T. B. Argo Dies at Quitman Yesterday Afternoon Following Long Illness —Funeral Held Today.

T. B. Argo, 80 years old, died at the home of his son, James Argo, in Quitman at 1 o'clock yesterday afternoon following an extended illness of a complication of diseases. He had been bedfast for several years. Funeral services were held at the home in Quitman at 2 o'clock this afternoon, conducted by the Rev. J. J. Cokely of Skidmore, and burial was in Burr Oak cemetery. In addition to his son in Quitman, he is survived by another son, Willia Argo, at Skidmore, and two daughters, Mrs. George Jones of Maryville and Mrs. Carter of Mound City, Kan.

RUSSIA BACKS PLOT IN CHINA

EVIDENCE SHOWS FINANCING ANTI-FOREIGN FEELING.

SITUATION IS SAME

All Foreigners Asked to Leave Concessions at Canton—Recurrence Armed Conflict Looms.

Shanghai, June 29.—Evidence that soviet Russia was participating in the financing of China's widespread anti-foreign demonstration was believed uncovered here late today with the arrest of Zinnoui Dosser, soviet trade agent, and his wife as they were returning to Hog Kong from where both had been recently deported.

Documents found on the couple, it was said, tended to show that the hand of Moscow had been in the disturbances. Dosser was held when he could not post $20,000 bonds. His wife was released.

The Shanghai situation was unchanged today.

Canton, June 29.—The situation at Canton was dangerously critical today. The British and French consuls requested all foreigners to leave the foreign concessions.

A possible recurrence of the armed conflict of last week when Chinese students fired on Shameen and were answered by the foreign marines was feared.

State Head of V. F. W in Maryville Today

James S. Moody of St. Louis, state commander of the Veterans of Foreign Wars, who was in Maryville today on a business trip, was the guest of several members of the Seth Ray David Post of the V. F. W. at the Yehle Tea room this noon.

Mr. Moody was elected in May at the state encampment at Jefferson Barracks. During the World War he was a member of the First Tennessee in the Philippines and in the Intelligence Unit of the A. E. F.

The state commander was well impressed with the local post of the V. F. W. He said that the state department of the V. F. W. is now fostering a greater public interest in hospitalization for disabled veterans. Mr. Moody stated that Missouri needs another government hospital for disabled veterans and it is by public opinion and sentiment that these utilities are procured. At the new government hospital at St. Louis, No. 92, which is perhaps one of the best government hospitals for war veterans that the government is now operating two applicants out of every three have to be turned away, due to the limitations of the hospital.

While here Mr. Moody suggested to the local Vets that a Cootie Camp, the pleasure making department of the V. F. W., should be organized here and he guaranteed the members of the Seth Ray David Post that the St. Louis degree team would come here to put on the work.

Local members of the V. F. W. who attended the luncheon this noon were Dr. R. C. Person, Dr. C. P. Fryer, Dr. James Anderson, Miss Margaret Davidson and Edward V. Condon.

Guests at Hopper Home.

Dr. and Mrs. McKenzie and son, Robert, and Mr. and Mrs. Samuel Beaty, their daughter, Dorothy, and sons, Henry, John Williams and Theodore, of Kansas City were guests Saturday of their aunt, Mrs. N. F. Hopper, 309 West Second street. The two families are en route to the Minnesota lakes for a vacation outing.

HAIL CAUSES CROP LOSSES

FIELDS IN VICINITY GRAHAM VIRTUALLY IN RUIN.

LIVESTOCK IS KILLED

Storm Hits Saturday Night, Starting Mile East of Graham—Windowlights Smashed by Stones.

Damage estimated at several thousand dollars resulted from a severe hail storm which seemed to start about one mile east of Graham at 10:30 o'clock Saturday night and continued for about fifteen minutes.

Corn and wheat fields in the vicinity of Graham and Parker Store, about eleven miles west of Bolckow, are virtually in ruins today as a result of Saturday night's storm.

At Parker's Store, the roof was torn off and all of the window lights knocked out by the stones which varied in size from a marble to nearly as large as a goose egg.

Milt Wilson, who lives six miles southeast of Graham, was in Maryville today and told of the storm in his vicinity. Mr. Wilson said that he had in about 240 acres of corn and believes all of it is ruined. Several acres of wheat, which he owned, was pounded down to the ground by the stones.

William Dysart, who lives a half-mile south of Parker Store, is said to have lost nineteen hogs in the storm. In the house occupied by Louis Miller, six miles southeast of Graham, twenty-seven window lights were knocked out by the hail stones.

Mr. Wilson said that the storm area near Graham was about a mile wide and extended south toward Fillmore where it is said to have done considerable damage to houses and stores.

In the stricken part of Nodaway County it is said that about ten or fifteen farmers lost their wheat crop as the fields were heavily-beaten by the stones. Corn, too, was a big sufferer south of Graham and in a path several miles wide toward Savannah.

Trees were stripped of their bark and a number of birds were seen lying dead on the ground. The hail fell "like rain" for about fifteen minutes, it was said.

Light hail storms were also reported in the vicinity of Skidmore, Quitman, Burlington Junction, Clearmont and Elmo, but no serious damage was reported from any of these places.

Democrats to Make Effort to Beat Back

Party Leaders Go Into Session At St. Louis Today—Reed and Oldfield To Speak.

St. Louis, June 29.—The Missouri Democratic organization met here today.

The party leaders went into session at 10 o'clock this morning at the City Club, hopeful that out of the conference will come amicable disposition of factional strife and a well-organized battle plan for next year.

Senator James A. Reed of Kansas City, and W. A. Oldfield, Congressman of Arkansas, will be the principal speakers. Reed will speak on "The Coolidge Administration."

Oldfield, chairman of the Democratic national Congressional committee and prominently mentioned for chairman of the national committee to succeed Clem Shaver of West Virginia, was to urge adherence to party tenets.

He was also expected to stress that some action be taken in the doubtful Congressional districts, including the fourth, fifth, thirteenth, fourteenth and fifteenth districts.

L. M. Eek Returns.

L. M. Eek, who has been visiting his mother, Mrs. Caroline Eek, at Muskegon, Mich., returned home Saturday evening. He also visited some of his friends at Northwestern University, Evanston, Ill., on his return trip.

On the way home he stopped and brought back his automobile, which was wrecked a short distance out of Des Moines, Ia., on his way to Chicago. Mr. Eek had his car rebuilt in Des Moines while he was visiting in Michigan.

SANTA BARBARA IS ROCKED BY DAMAGING EARTHTREMORS

CONFLICTING REPORTS ON NUMBER OF VICTIMS.

HUGE PROPERTY LOSS

Damage May Run As High as Two Million Dollars—Earthquake Shocks Felt Throughout Wide Area.

San Francisco, June 29.—Sixty-five bodies have been reported recovered this afternoon in Santa Barbara, according to word received here from the stricken city to the Southern Pacific Railroad headquarters in a hastily gathered summary by employes of the company.

Despite earlier reports to the Southern Pacific that sixty-five bodies had been recovered, another report to the railroad at 11:45 o'clock this morning declared that only seven were known dead.

The railroad company was endeavoring to ascertain which report was correct.

The city was menaced this afternoon by the danger of flood, the report said. The dam empounding the city's water supply was so weakened that it was feared it would give away at any moment. The city was without water, electric lights or power.

Hotels, business blocks, churches and schools were wrecked by the first shock. Earth tremors were reported continuing five minutes. Slight shocks followed but without great additional damage.

The following summary of the situation at Santa Barbara was reported over the private lines of the San Joaquin Light and Power Co., of Fresno, and telephoned here:

"Seven were crushed to death when the walls of the Arlington Hotel caved in.

State street, the main thoroughfare, was filled with debris and impossible for traffic.

The street had been roped off to prevent people from possibly injury from weakened walls.

The First National Bank building was destroyed.

Other buildings were either destroyed or badly damaged."

Desperate efforts are being made by telephone and telegraph to reach the stricken city.

Santa Barbara is a city of 75,000 population. It is located at the edge of the Pacific, ninety miles north from Los Angeles, and 367 miles south of San Francisco.

Severe shocks were felt there ten years ago, tremors at that time continuing for days.

San Francisco, Cal., June 29.—Twenty-seven people were killed in a violent earthquake that partially destroyed Santa Barbara this morning, according to word received by the Southern Pacific headquarters here.

The principal buildings on State street, the main business thoroughfare of the city, are said to have been completely destroyed.

The famous Arlington Hotel is reported in ruins. The California Hotel is also said to be a mass of wreckage.

Santa Barbara's historic mission, according to the Southern Pacific advises, is a pile of debris.

The Cabrillo Hotel was also damaged by the force of the shock, the reports said.

The earthquake started at 6:43 o'clock this morning, and the terrific first shock lasted one full minute.

A relief train over the Southern Pacific left Los Angeles for Santa Barbara at 9:30 o'clock this morning with physicians, nurses, medical and food supplies.

The first shock was felt as far north as San Luis Opispo and southward below Los Angeles. Water mains in Santa Barbara were broken by the earth shocks, and what is known as Gibraltar Dam was also broken. All trains are being routed along the valley route.

Severe shocks were felt between Santa Barbara and San Luis Opispo. Photographers, police officers and railroad officials were rushed from here to Santa Barbara at 9 o'clock this morning in airplanes and automobiles. A second relief train was dispatched from here to Santa Barbara shortly before ten o'clock this morning carrying physicians and Red Cross nurses.

Los Angeles immediately prepared to aid the stricken city. A special message stating Los Angeles was preparing "to go the limit" to aid the city was sent to Santa Barbara.

Tugs, equipped with powerful radios, were dispatched from Los Angeles to Santa Barbara and will attempt to establish communications between Los Angeles and the demolished city. One of the tugs, the Peacock, was expected to reach Santa Barbara about noon.

Rumors reaching the city over the wires of the Associated Oil Co., which reached as far south as Gauictta, north of Santa Barbara, said from seven to thirty-five were dead at Santa Barbara. There was no estimate of the injuries.

Ventura, Calif., June 29.—Fire has broken out in the earthquake-stricken city of Santa Barbara.

R. High, a Santa Barbara newspaper man, who arrived here this morning by automobile, reported three houses in flames. All water mains in the city are believed broken.

The little town of Goleta, near Santa Barbara, was badly shaken and fire broke out completely destroying the town, according to reports brought here by automobile couriers.

Chimneys were wrecked and dishes broken at Gauiotta, but no serious damage was done there.

High fled from Santa Barbara after the first terrific shock shook the entire city, he said. He declared that the Santa Marcas building, the largest in the city, was destroyed. High said State street buckled in the center and the center of the street had been raised five feet higher than the other side. All of the buildings in the street were partially damaged and all leaning forward, he said.

Water, High reported, was pouring through the streets from broken mains.

High said that two hospitals in Santt Barbara were wrecked. He said several patients in one of the hospitals were killed.

Gibralter Dam above Santa Barbara broke and the water from the reservoir is reported to be flooding the stricken city.

Sacremento, Calif., June 29.—Fire has broken out amid the ruins of Santa Barbara, according to word received at the Governor's office this morning.

The information was communicated through the Southern Pacific, according to Harry Lutgers, the Governor's executive secretary.

Ventura, Calif., June 29.—Refuges from Santa Barbara arrived here shortly before noon and confirmed reports of the disastrous earthquake at Santa Barbara, which has taken an estimated toll of thirty-five or more lives, and reduced the city to virtually ruins.

At least half of the business places in downtown Santa Barbara were partially or completely demolished according to eye witnesses.

State street, the main thoroughfare, is a mass of wreckage.

Practically all of the larger buildings of the city were leveled.

Los Angeles, June 29—Earth shocks shook Los Angeles at 6:44 o'clock this morning. In sections of the city persons were thrown out of bed and dishes broke.

The tremors came in two violent series, the first continuing for ten or fifteen seconds. Buildings were rocked but no property damage was reported. The second shock was less violent but swayed buildings.

Los Angeles, June 29—The city of Santa Barbara was badly shaken by earth tremors this morning, according to reports received by the Southern Pacific Railway here. The Carrillo Hotel was destroyed, the street mains broken and the Southern Pacific round house caved in.

Pavements and sidewalks in the city were broken, according to reports.

All wire communication with Santa Barbara was cut off. The Southern Pacific tracks were also reported damaged. A motorcycle courier brought the news of the damage to the Southern Pacific dispatcher here. He said several buildings on the city's main streets were damaged.

Santa Paula, Calif., June 29—Earth tremors rocked Santa Paula and Ventura this morning. Five shocks, starting at 6:44 o'clock, were felt. The last shock was registered at 7:50 o'clock, and several buildings were reported to have cracked walls as a result of the tremors, but there was no other damage.

COMMONPLACE INTERESTS

It has been said that there is nothing quite so intriguing as the commonplace things of life. One need only act natural in vaudeville to win applause. Books that discuss the everyday things of life are always in favor. Humanity prefers the mirror to the telescope.

Several publications in this country and England recently took up with considerable success, both in supplying interesting information to their readers and in attracting the interest of the public, the discussion of the origin and evolution of the gentlemanly act of shaving. The history of shaving was pieced together from many sources.

Samuel Pepys was quoted as describing shaving with a pumice-stone as "very easy, speedy and cleanly."

In the works of the younger Pliny someone found reference to a dandy of his day who was both shaved and pumice-stoned—"rasusatque etiam pumicatus."

When Martial was writing his epigrams the guilded youth of Rome were having their beards treated in all of the then modern modes—tonsa, clipped with scissors; rasa, shaved; vulsa, plucked.

All of those who contributed to this symposium on the gentle art of shaving agreed that there have been shaven faces since the time of Nero or before but only one supplied any evidence that razors of steel were in use as early as the time of the Roman Empire.

It is a duty imposed upon the writers of today that they leave to posterity an accurate and minute history of all those commonplace things which have originated in this day and age, such as five-and-ten-cent stores, baseballs, jazz music, automobile petting parties, blocs, knickers for men, highway soft-drink stands, road-side tea rooms, good roads and many others which future generations will no doubt be curious about.

SERVES TOWN FIFTY YEARS

(Continued from page 1).

Maryville as superintendent of this district, and frequently visited this church and again preached to the congregation.

"In 1884 and '85, Rev. Jewett was appointed pastor. He and his wife did much to beautify the church property, among other things planting most of the trees surrounding the church and parsonage.

"Much good for the church and community was accomplished by the Rev. and Mrs. Jewett. New interest was aroused in the Sunday school, and a Band of Hope was organized. By means of this, temperance principles were firmly instilled in the minds of the young members.

"In 1886, E. V. Roof returned and was pastor for a year.

W. H. Stamp, J. K. Hicks, and R. P. Corey came in the following years.

"Rev. Wm. Nelson was appointed to the Pickering charge in 1893. His work was evangelistic, his revival services resulting in a large number of conversions and many were added to the church. The first E. L. here was organized during his ministry and flourished for many years. An auxiliary of the W. F. M. S., was also started.

"C. E. Wood next served as pastor here, and following him was N. J. Moats who labored here for five years. While Rev. Moats was here the W. F. M. S., decided to support an orphan girl in India and in honor of the pastor's wife and the town she was given the name of Ollie Pickering.

"W. A. Yetter became pastor in 1902. In 1908 through his leadership and assistance the church was rebuilt. Additions were made on the north and south, and a furnace and acetylene lights were installed. The improvements were made for the sum of $2774, and all indebtedness was paid before the close of the year.

"A. C. Riffe, J. J. Cokeley, A. C. Spencer, Joseph Scarboro, W. E. Royston, H. J. Ducker, S. P. Stillman, E. R. Kelly, C. S. Dayhoff, G. W. Green, J. V. Hawk, Lane Douglas, and E. W. Croy have served the church as pastors since 1904.

"During the pastorate of Rev. Green Pickering was made a station. This seems to have been the banner year of the church financially.

"Soon after this, so many changes occurred in the membership it was deemed advisable to again put Pickering on a circuit, consisting of Pickering and Myrtle Tree. Rev. Lane Douglas taking charge of the new circuit.

"In this brief and incomplete history of the church the work of only a few of the pastors has been mentioned. But much honest, faithful service has been rendered, many won for Christ and untold good accomplished by those self-sacrificing men.

"While the membership has never been very large, many mistakes have been made and visible results of their efforts far short of what they should have been, yet through the years there has always been the faithful ones who have attempted in various ways to be helpful to the community, to win others to Christ's cause and by giving time and means to the benevolent enterprises of the church have assisted in spreading the gospel and aiding others both at home and abroad.

"Many of the former members and pastors have gone to join the church triumphant, some are laboring in fields afar, others in fields near by, but only the records kept above which are complete and authentic shall disclose what has been accomplished by means of the lives touched and influenced through the years, by the little Methodist Episcopal Church of Pickering."

Mrs. George Ingerson Dies in Pasadena, Cal.

Mrs. Charles Froman, 1215 East Second street, received word this morning of the death of her cousin, Mrs. George Ingerson, a former resident of Maryville, on Thursday, June 25, at Pasadena, Cal. Death was superinduced by an operation for cancer on the preceding Tuesday. Funeral services and burial took place Saturday at Pasadena.

Besides Mr. Ingerson, one son, Fred Harbison, Pasadena, Cal., and a daughter, Mrs. R. E. Dandson of Los Angeles, survive. Mr. and Mrs. Ingerson moved to Pasadena from Maryville two years ago this spring.

Fryar Baby Dies at Home in Ravenwood

Billy Clark, the 5-months-old son of Mr. and Mrs. Harry Fryar of Ravenwood, was found dead in bed at his home this morning. Apparently, the infant had been dead for some time. It is though that death was due to heart disease as the baby had not been very strong. In addition to his parents, the baby is survived by one brother, Harry, Jr. The funeral services will be held at the family home at 10 o'clock tomorrow morning and Rev. C. L. Uht, pastor of the M. E. Church, South, at Ravenwood, will be in charge. Burial will be in Oak Lawn cemetery.

Trade Extension Trips Great Agencies in Effective Community Advertising

The following is the twenty-third installment of the article on "Community Advertising," written for the Democrat-Forum by D. A. Caldwell, secretary of the Maryville Chamber of Commerce.

Jobbers and wholesalers, in their trade extension trips into the surrounding territory, can do a great deal of effective work in extending local prestige in the sections, which, because of transportation advantages, are economically tied in with the community. These trips usually result in stimulated interest in the work of promoting and developing the community and the viewpoint becomes broader than it might be without the points of contrast which are always obtainable on such trips.

There are not many community advertisers, who have given local publications studied attention to ascertain in what ways they may be used as a part of the machinery of community understanding. One never knows how far an editor, who has been sold his home town, will go in giving publicity.

The retailer, especially in his joint sales campaigns, is an excellent agency to use. He should advise, frequently, throughout the year, his out-of-town customers of the high class entertainments that are going on and offer to assist his patrons to secure desirable seats.

Community leaders can usually take the necessary steps to see to it that the retailer offers good goods through truthful advertising methods. Unless the retailer "Teams it" with the other factors in the community he becomes a liability for those who are attempting to build and develop more community business.

Hotels are said to be the 'front door' of a town. The impression one obtains at hotels is often fatal. Some communities have been forced to erect community hotels to change the impression which had been created among transients. Some of the more enterprising hotel managers are publishing booklets on their communities and incidentally saying something about their hostelry. Hotels can accomplish a great deal for the communities they serve if they but work with their communities on the advertising programs that are determined upon. The interests are always mutual.

WANTED: Women's Votes

On this simplified summer breakfast

QUICK QUAKER cooks in 3 to 5 minutes

Supplies energy breakfasts, ends hot kitchens

WOMEN say this solves the summer breakfast problem. That it ends hot morning troubles in the kitchen.

That it cooks without heating up the kitchen.

That men like it, and children take to it. And . . . feel better all day long as a result.

Get a package of Quick Quaker. And then tell us your opinion.

Cooks in 3 to 5 minutes. Has all that rare Quaker flavor. And with milk it is almost a complete food in itself . . . at low cost.

STUDY YOUR ADVERTISING

Advertising may produce profitable, indifferent or negative results. It may actually do harm by conveying an unfavorable impression. Slouchy advertising is worse than slouchy dressing—because more people will notice it. It may not always le possible to decide when and why a man is dressed in good taste, but we will FEEL that the impression he gives is favorable.

G. O. P. MUST BE UP ADOIN'

VACATION SPOILED BY DEATHS OF INSURGENTS.

SPECIAL ELECTIONS ON

Will Be Held Early In Fall And Republicans Have Problem In Getting Edge On Independents.

Washington, June 29.—Early fall will see the Republicans fighting to save the Northwest again and engaged in a political campaign they neither desired nor were ready for this year.

The unexpected death of La Follette and Ladd, two of the insurgent radical bloc, doomed the anticipated vacation from politics for the year. With special elections to be held shortly in North Dakota and Wisconsin to choose new senators for the vocancies, the G. O. P. must unlimber and go into action. The Democrats are out of it more or less, having little organization in either state. So the contest of last year between the Republicans and third party nominees will be staged all over again—only with two of the interesting figures no longer on the stage.

It is quite apparent to those familiar with the situation that the Republican campaign management is somewhat up in the air over the fight suddenly thrust on the administration. Encouraged over the Coolidge showing in the Northwest last year, the administration planned to move carefully toward bringing that section back to G. O. P. regularity. Its greatest aim was to avoid mistakes in tying up with factions that might prove to be a load to carry. So Chairman William M. Butler and other party leaders contemplated going to the Northwest in the fall and carefully surveying the situation in advance of next year's senatorial and congressional battles. But with special elections now necessary before congress opens, because the governors of North Dakota and Wisconsin do not possess power to designate senators temporarily to the vacancies, the entire fight has been precipitated.

The Republicans are hoping that the elections will not be called before fall which would give them time to work out the situation. But they frankly are in a muss today. Both in North Dakota and Wisconsin candidates galore have come to light who are eager to carry on the Coolidge fight. That's the trouble—there are too many of them. Factions and cliques see a chance to ride into power on the wave of Coolidge popularity and so are insistent that their candidates receive the stamp of administration approval. It is no exaggeration to say that from eight to ten men have been strenuously urged in telegrams and letters to Coolidge and Republican headquarters from both North Dakita and Wisconsin as the "one man" Coolidge should get behind.

Since the insurgents probably will run candidates in both states, whenever they agree on one—in the Republican primaries first and then independent if they do not capture the G. O. P. machine—it can be seen that, with the field split at all, the administration may fail to get a candidate of its liking on the party ballot. Hence the concern in the Republican ranks over the rivalries and jealousies that have been stirred up over the senatorial successions in the two states.

In the end, the administration, probably will be guided by the recommendation of Senator Lenroot in Wisconsin; and by former Governor L. B. Hanna in North Dakota. Meanwhile, the pulling and hauling to get the ear of Coolidge and the administration is on full force. If statements of intimates of the administration are to be taken at face value, the G. O. P. organization hasn't the vaguest notion whom it will back and the elections are only a few months off.

Sawyers of St. Joseph, mother of the hostess. The Reverend Mr. Sawyers returned to St. Joseph Saturday after a week's visit at his daughter's home.

Wallace-Murphy Wedding.

A marriage of much interest to Maryville friends is that of Miss Mary Elizabeth Wallace, daughter of Mr. and Mrs. T. J. Wallace of Clearmont, formerly of Maryville, and Major T. Harold Murphy of New York City. The wedding took place at high noon Saturday at the home of Mr. and Mrs. O. M. Brown in Westfield, N. J., the Rev. E. J. Holden, pastor of the Baptist Church officiating. The bride wore her traveling suit of ashes of roses with hat and other accessories to correspond. Following a luncheon Major Murphy and his bride left for a wedding trip to Philadelphia, Baltimore, Washington, D. C., and other eastern cities. They will be at home at 58 West 91st street, New York City.

The bride is a member of the Maryville Chapter, Daughters of the American Revolution. She attended Hardin College, Mexico, Mo., for two years and was graduated in 1917 from the State Teachers College in Maryville. She has taught in the Maryville and El Reno, Okla., schools and during the last three years at Bristow, Okla., Since the family's removal from Maryville, the bride has been a frequent visitor at the home of Miss Mary Lewis.

The bridegroom is a former resident of Burlington Junction. He was graduated in 1906 from the Burlington Junction High School while his father, L. F. Murphy, now of Denver, Colo., was superintendent of schools there. He completed his education at Denver University, Columbia University, New York, and the University of Toulouse, France. He saw active service in France as a major in the chemical warfare service, and continues to take active part in the functions of the organized reserves. He went to New York in 1914 to enter the employ of the Federal Sugar Refining Company, where he served for years as chief chemist. For the last three years he has been superintendent of sugar manufacture and refining for the Hacienda El Portrero Company of which O. M. Brown is general manager, with offices at 15 Park Row, New York City. The estates of the company are located in Old Mexico and Major Murphy's duties take him there for several months of each year.

Bridge for Mrs. Buck.

Mrs. W. J. Montgomery and Miss Mae Corwin were hostesses at a four-table bridge party this morning at the home of the latter on South Main street, honoring Mrs. Roy Buck of Loveland, Colo. Other out-of-town guests were Mrs. Charles Lamkin of Keytesville, Mo., Mrs. Ike Thomas Pryor, Jr., of Fort Stockton, Texas, and Miss Lucille Holmes of St. Joseph. The game prize was won by Mrs. Lamkin and the guest favor went to Mrs. Buck. The rooms were decorated in vari-colored garden flowers, arranged in vases and baskets. The guests included members of the Tuesday Luncheon and Wednesday Bridge Clubs.

Marriage License.

A marriage license was issued today to E. S. Ruby of Conception Junction and Sophia Kubitza, Staples, Minn.

Charles Sellon Has a New "Grouch" Role

Charles Sellon who won fame as "the wheel chair" grouch in both the original stage and screen productions of "The Bad Man," has an important role in "Sundown," the big feature of the Western cattle country at the Empire Theater tonight and Tuesday.

Sellon gave up the stage to support Hobrook Blinn in Edwin Carewe's motion picture version of the "Bad Man." Since then he has become one of the film's leading character men. In "Sundown," he portrays the role of one of the big cattle owners who are forced by the encroachment of civilization to drive their cattle to new grazing lands in Mexico. Bessie Love, Hobart Bosworth, Charlie Murray and other favorites are in the cast.

Huge Strawberry Crop Consists One Variety

Columbia, June 29.—The three million dollar strawberry crop recently marketed by Southwest Missouri consisted of a single variety, the Aroma. Although there are something like 1800 varieties of strawberries, Southwest Missouri grows but one. This standardization of the strawberry crop has been accomplished through the cooperative strawberry marketing associations, says H. C. Hensley, extension specialist in rural economics for the Missouri College of Agriculture.

It may be truly said of the 1538 cars of Missouri strawberries which moved to market this year, that every berry was marketed cooperatively. Not only was cooperation practiced by the local associations but the federations of the locals handled the selling and on May 14, the peak day of the movement, 45,000 crates were sold for a cash value of practically $200,000. At the association auction at Monett on the night of May 20 in a few hours some 67 cars were sold at an average of nearly $5 a crate.

The average price per crate for the season was $4.70 which netted the members of many of the larger associations as high as $4.60 per 25-quart crate.

Chicago Closing Grain Review.

Chicago, June 29.—Grain futures dropped sharply to new lows on the present movement in today's trading on the Chicago Board of Trade. On the slump all corn deliveries went below the one dollar mark. In late trading, September managed to jump a fraction above the dollar mark.

Good weather over the grain belt and lower cables were prominent factors that led to generally selling in wheat.

Corn was under pressure most of the day that was augmented by weakened wheat. News favored decidedly lower levels.

Oats followed other grains to a lower close and was without feature.

Provisions were greatly weakened by grains and increased offers. Packing house bulls were liberal sellers.

Prize Money for All at District Calf Show

Cash Premiums are Additional Special Awards at St. Joseph.

Every boy or girl exhibiting a calf at the St. Joseph 4-H Club Baby Beef Show September 30 to October 2 will receive at least $15 of the prize money offered by the St. Joseph Stockyards Company. The cash prizes for junior yearlings in each of the three beef breeds run from $35 to $15 a head. These prizes are in addition to a liberal list of special premiums including medals, watches and trophies.

For a group of five calves shown by club members of any one county the first prize is $50 with additional prizes of $40 to $20 for the next five groups. For the best carload of fifteen calves fed and exhibited by club members of any one county a cash prize of $75 is offered with $60 to $25 for the four next best carloads.

The baby beef clubs of Northwest Missouri will be represented at this show by at least 150 county prize winners, says H. M. Garlock, extension specialist for the Missouri College of Agriculture. Several hundred good calves have been on feed since April first and their owners are following closely the recommendations of the College concerning their rations and care.

Any member of a standard 4-H baby beef club, who is over ten and under twenty years of age on January 1, 1925, and who is working under the supervision of the Agricultural Extension Service of the state college of agriculture in Missouri, Iowa, Nebraska or Kansas, is eligible to compete in the St. Joseph show.

Shepherd Plans Suit Against His Accusers

Determines to Make Someone Pay for His Imprisonment—Names the Defendants.

Chicago, June 29.—William Darling Shepherd is going to hit back.

The man who was tried and found not guilty of the murder of his wife's former ward, William McClintock, let it be known yesterday he is determined to make someone pay for his three months imprisonment in the county jail.

Chief Justice Olson of the municipal court and Alexander F. Reichmann and John H. S. Lee, lawyers, are to be named in the suit, it was said, and they are to be charged with libel, slander, vicious prosecution and false imprisonment.

William Scott Stewart and W. W. O'Brien, who piloted Shepherd safely through the criminal trial, are preparing this suit, to be filed within a few days, it is admitted. The amount to be specified as damages has not yet been decided upon, but Shepherd is said to have determined that whatever money is obtained through this lawsuit shall be given to some charitable institution.

Has a Dual Reason.

It is said Shepherd wants to clear his name as well as to wreak vengeance upon the men he says entered into a plot to ruin him and take from him the 1 million dollars McClintock bequeathed to him. From the first hint of an accusation against him, Shepherd stoutly maintained, Judge Olson was inspired by mallice rather than a desire to aid justice.

Letters written by McClintock in his lifetime will be of great importance in deciding the contest over his million dollar will, lawyers said today.

William Scott Stewart and W. W. O'Brien, who defended William D. Shepherd against the charge of having murdered McClintock with typhoid germs, declared Billy's letters preclude the possibility of his will being set aside. They show without question that in making Shepherd heir to his million McClintock acted upon his own initiative and without any "undue influence."

RESOLUTION NO. A-24.

A Resolution for Grading, Paving, Curbing and otherwise improving Lincoln Street, from the West Line of Main Street West to the Center Line of Buchanan Street, in the City of Maryville, Missouri.

Be it Resolved by the Council of the City of Maryville, Missouri, as follows, to-wit:

SECTION 1. That it is hereby declared necessary to bring to the established grade, and pave, curb and otherwise improve to a total width of 23 feet, 11 inches, from face of curb to face of curb, the roadway of Lincoln Street, in the City of Maryville, Missouri, from the west line of Main Street west to the center line of Buchanan Street.

SECTION 2. The said grading shall consist of bringing the roadway of said Street to the established grade, as provided by Ordinance No. 1032 of the City of Maryville, Missouri, by cuts and fills and by exeavation sufficient to provide for the aforesaid paving as shown by profiles of said street, now on file in the office of the City Clerk.

Said paving shall consist of 7 inch reinforced concrete paving laid on a well rolled sub-grade.

The curb and gutter shall consist of an integral curb, constructed of concrete. The curb to be 5 inches wide at top and 6 inches at bottom, and an average depth of 13 inches.

All the aforesaid improvements shall be constructed in strict accordance with the plans and profiles therefor now on file in the office of the City Clerk.

SECTION 3. The cost of said work, to-wit: grading, paving, curbing and otherwise improving, including the cost of bringing said street to the established grade, shall be levied as a special assessment upon all lots and pieces of ground upon either side of said street abutting thereon, as provided by law, and special tax bills bearing interest at the rate of 8 percent per annum after thirty days from the date of issue evidencing such assessment shall be issued to the contractor for payment of said work.

SECTION 4. The Council of the City of Maryville, Missouri, further finds that the distance covered by this pavement is less than twelve hundred feet, and that it connects with pavements at each end. All curb and gutter now constructed on said streets on established grades shall be deducted from this work.

Any person desiring to do so may appear before the City Council of Maryville, on the 10th day of July, 1925, at 7:30 p. m., at City Hall and be heard upon the question of the necesity of the work sought to be done under this resolution.

Be it further resolved that a copy of this resolution be published seven consecutive insertions in the Democrat-Forum and Maryville Tribune, a daily newspaper published in said city.

Passed and approved this 20th day of June, 1925.

W. O. GARRETT, Mayor.

ST. MARYS POUND HOLLIS

TUCK GAME AWAY IN SIXTH INNING, WIN 10-8.

QUITMAN RALLY FAILS

Played Before Small Crowd At Old Fairgrounds On Wet Diamond Yesterday Afternoon.

Trailing 1 to 4 in the sixth inning St. Mary's Church ball players banged Hollis, Quitman pitcher, for five hits, and in this frame seven St. Mary's men crossed the rubber that put the local boys in a lead that could not be overcome. St. Mary's left the field after the first of the ninth yesterday afternoon at the old fairgrounds with the game tucked under its belt 10 to 8.

Although the crowd was small it was treated to all the possibilities in a ball game. It was well worth-while to walk to the ground to witness G. Thompson, St. Mary's second baseman, make a line-smash at the Quitman catcher as he was coming in from third. The umpire called him safe as Hart dropped the ball, and he got up from the unexpected onslaught kind of shaking his head to see if he was altogether. Also in this frame P. Buhler, St. Mary's shortstop, caught the visitors napping, stealing home base on the unsuspecting Quitman hurler.

Quitman lost an opportunity to increase its lead in the fifth with a man on second McDonald slammed out a two-bagger. Ordinarily this would have meant a run but the baseman only advanced one base and died there when J. Thompson fanned the remaining two batters.

Joe Thompson and Sears comprised the St. Mary's battery and Hollis and Hart were the battery for Quitman. Ashford replaced Hollis too late in the game to hold the St. Mary's men in check, going to the mound in the eighth inning. St. Mary's touched Hollis for nine hits and Quitman got ten hits off of Thompson.

Thompson struck out eight as did Hollis and Ashford retired one at the rubber. Trailing 5 to 10 in the first of the ninth, Quitman started a rally, but it fell short by two scores to tie the game.

The score by innings:

Quitman	002	200	103—	8
St. Mary's	000	107	20x—	10

The St. Mary's line-up:

Busby, lf; Paul Buhler, ss; G. Thompson, 2b; J. Wagner, cf; Sears, c; Auer, 1b; Linneman, lf; Zimmerman rf; Joe Thompson, p. Quitman line-up: D. Johnson, 1b; T. Johnson, ss; J. Stephens, cf; D. McDonald, lf; Ashford, 2b; Malvern, 3b; P. Hart, c; Hollis, p; Davis, rf. Ashford for Hollis in eighth inning.

Pickering Tromples Over Barnard 7 to 1

The batting of three Maryville men on the Pickering team against Barnard yesterday at Pickering featured the game. Pickering defeated Barnard 7 to 1, with Bob Gumm pitching and Burch receiving for Pickering.

Pickering will play the St. Mary's Church team there next Sunday. At four times to bat Brennan and Phil Tobin each got a three-bagger and three singles each.

The score by innings:

Barnard	000	100	000—	1
Pickering	002	230	000—	7

The Barnard line-up: Phillips, 2b; strader, c; Hannah, ss; Hubbell, p; Robinson, 3b; Campbell, rf; Hamilton, lf; Clawson, 1b; Patton, cf.

Pickering line-up: Marvin Carmichael, ss; P. Tobin, 2b; B. Gumm, p; Martin Carmichael, 1b; Delma Carmichael, cf; Jameson, 3b; Burch, c; Brennan, lf; Charles Carmichael, rf.

Barmann Autos Lose to Parnell 21 to 8

The Barmann Autos lost to the Parnell baseball club yesterday afternoon on the old Mink League diamond, south of the golf club, 21 to 8. Hall pitched for Parnell and Wiederholt, Booth and Madden comprised the Barmann battery.

The Barmann Autos will play Quitman here next Sunday.

William Bagby, member of the Barmann team, was injured in practice yesterday afternoon. A batted ball to the outfield struck him below the right eye as he was catching a ball thrown from the infield, bruising his face seriously. He was brought to Maryville and placed under care of a physician and it is thought he will be laid up from work for about ten days.

Miss Hildred Allen and Miss Eva Vaughn Lawson spent Sunday with Mr. and Mrs. J. W. Horton and Miss Gertrude Horton of Ravenwood.

Merchants Drop Game to Shenandoah 8 to 0

Fighting mud for more than three hours, the Maryville Merchants' Baseball team arrived in Shenandoah in time yesterday afternoon with a line-up hurriedly picked up and lost to the Mount Tabor team of Shenandoah 8 to 0.

All-in-all it was a day of misfortune for Merchants' team, meeting with a great deal of automobile trouble on the road en route and returning to Maryville.

The Maryville line-up included:

Henry Buhler and Tommy Tobin, pitcher and catcher; Harry Tilson, 1b; Mayes, 2b; C. Mart, ss; Meyers, 3b; French, rf; Still, cf; H. England, lf. Bluel for French.

Mr. and Mrs. Eldon Coffelt of Parnell announce the birth of a daughter this morning.

Mrs. Ora Hainline and children and Mrs. Olen Shelton of Wilcox were Maryville visitors today.

Question: *Why is it that there are more than a million Buicks in use today?*

Answer: Because Buicks are always popular with new car buyers and also because Buick's dependable construction results in a much longer life for Buicks than is ordinarily the span of service of a motor car.
